

Central American Medical Outreach Inc CAMO

Inspire Sponsor Levels \$500 - \$10,000

Central American Medical Outreach (CAMO) is a humanitarian organization whose mission is to improve the quality of life of Central Americans by strengthening health care systems and promoting sustainable community development. Our projects are supported by the generosity of individual and corporate donations. Your one-time or recurring donation helps provide essential medical, educational and community development services to promote positive outcomes and empower local citizens to reach their full potential and achieve a brighter future for Honduras.

Provide the Gift of a Prosthetic

MEDICAL

Suggested \$500

CAMO operates a fully functioning prosthetics lab in Santa Rosa that serves patients in need of prosthetic limbs, orthotics and braces. For \$500 you can cover a patient's evaluation, fittings, production (of prosthetic limbs, orthotics and/or braces), adjustments and follow-up care! [In the United States, one prosthetic limb can cost as much as \$10,000 and is usually replaced every 2 to 3 years]

The prosthetics program includes equipment, education and therapy - **drastically improving the patient's quality of life**. With access to donated equipment and consultations, CAMO's patients are able to attend school, obtain reliable employment and improve their physical condition. In its partnership with the local hospital and therapy center, patients have a place to go with their referral for a brace, prosthetic or wheelchair. Before CAMO's program, this went unfulfilled, as did their hope to retrieve independence.

Provide Nursing Education to a Student at CAMO's Academy

EDUCATION

Suggested \$1000

Sponsor a young adult from a rural, village of Honduras to complete a Nursing Program (LPN) at CAMO's Academy. This gift allows an individual to break out of poverty and get marketable training. The school is currently enrolling over 60 students a year, helping to secure futures for each of these individuals and their families.

For only \$1000 a student can complete the 10-month program. Please consider sponsoring one of these students (tuition, room and board) to transform their life and improve the lives in her community!

Provide Dental Care to a Rural Village in Honduras

WOMEN & CHILDREN

Suggested \$3,000

100 public health dentists are responsible for the dental care of more than 4 million men, women and children in Honduras! CAMO's Dental Program travels to rural areas and schools to deliver dental care and education to villages that would otherwise never receive it. CAMO's dental program treats thousands of individuals a year statistically **decreasing by 50% the number of teeth lost by decay**.

For \$3,000 dentists can provide cleanings, fillings, fluoride treatments and a dental care kit (toothbrushes, toothpaste, floss, etc.) to remote villages. Annually, 64 dental brigades serve 9,000 children!

Central American Medical Outreach Inc

CAMO

Provide Medical Care to a Poor Region in Honduras

MEDICAL

Suggested \$6,000

Send CAMO's medical team to poor, remote areas where many people have never seen a medical specialist and/or have severe medical issues that have never been addressed. Volunteer Honduran teams include ophthalmology, ENT, pediatrics, Ob/Gyn, internal medicine, and women's health and First Responder educators.

For \$6,000 the medical team can provide medications, medical services and supplies to 650 patients (12 times a year) for a total impact of 7,800 patients!

Provide Daycare to 90 low-income, at-risk children in Honduras

EDUCATION

Suggested \$8,000

Help children from the streets or locked alone in poor living conditions have safe, healthy childcare. This Daycare provides services for working mothers who earn below poverty levels. Without early intervention, these children are at risk of falling into a life of crime. Graduates from the daycare are ready for first grade. "These children are the best prepared and behaved compared to others starting first grade" commented the Minister of Education.

For \$8,000 you can provide a teacher, food, maintenance, supplies and well-child exams for one year.

Provide Life-Saving Medical Supplies – Ship a Container

MEDICAL

Suggested \$10,000

Save the lives of Hondurans by shipping vital medical supplies and equipment. Seeing value in the very things US agencies would throw away, CAMO repurposes donated heart monitors, ventilators, endoscopes, prosthesis, x-ray equipment, and medical tools so dedicated Honduran medical workers can save and improve lives every day. Annually 7-8 containers of life-saving supplies (value of \$2.5 million) are shipped to Honduras allowing CAMO to provide 140,000 services!

For \$10,000 you can ship a 40-ft. container of supplies valued at \$300,000 - covering the costs tariffs and taxes from the US to Honduras.
