Our medical brigades are providing services to children, pregnant women and excluded rural communities.

We are very happy to have our wonderful volunteer, Mary, back in the warehouse after being gone for several months while on the mend from back issues.

Please contact our office if you have any wheelchairs, walkers, or canes at home you no longer need. Thanks to you we are able to support children like Edwin. Your support is greatly appreciated.

MARCH—APRIL 2019

TOUR CAMO

Would you like to take a tour of CAMO? Call the office at (330) 683-5956 and see how God is moving by bringing hope to the forgotten.

EXPLORE & LEARN

Visit CAMO's brand new website! See more of what we do and read testimonials of miraculous healing. www.camo.org

HOW YOU CAN HELP

It costs CAMO an average of \$100 to save one child's life. As a donor, service group or church congregation prayerfully consider helping meet the needs of the poor.

BECOME A CAMO VOLUNTEER

We welcome adult volunteers of all ages and skill levels. Please call CAMO and use your gifts and talents to make a difference in the lives of so many.

Katherine in the company of her brothers mother & grandmother.

KATHERYN: ANEURYSM SURVIVOR

A NORMAL DAY, UP AND READY FOR THE UNIVERSITY CLASS, SITTING TAKING A TEST YOU HAVE PREPARED FOR AND THEN... LIFE CHANGES. It was December 10 when 18 year old Kathryn Merary was taking an exam at the university where she was studying administration that she convulsed. Without knowing the seriousness, Ethel De Jesus, professor of the class and current vice president of the Board of Directors of CAMO, and the in-house doctor at the University, transferred her to the Public Hospital in San Pedro. She was diagnosed with a Cerebral Aneurysm and was told there was a waiting period of 2 to 6 months for the repair of her brain aneurysm. Kathryn's mother and family were in despair as not much hope was given. They pleaded with CAMO and Dr. Roberto Alvarez of the neurosurgical program in Santa Rosa to do the aneurysm surgery in Santa Rosa, despite knowing the limitations of this Hospital. They asked Dr. Alvarez to perform the first ever aneurysm surgery in Santa Rosa. Kathryn was transferred back to Santa Rosa. Her mother earned income by washing and ironing clothes for other people. The family income was not adequate to pay for the necessary pre op CT scan or medicines, so CAMO provided this funding and the surgery was immediately done.

Just three months after the aneurysm surgery, Kathryn is recovering with the desire to continue her studies at the university. Kathryn has almost completely recovered and is pending the medical approval to be able to return to her studies and complete her dream of becoming a professional and helping her family survive.

CAMO staff and our counterparts fight every day to provide care and resources which at times are unobtainable. We gladly fight for the working poor. Seeing the joy of the return of a loved one is the fight which is worth the sacrifices we make every day.
