HOW YOU CAN HELP

It costs CAMO an average of \$100 to save one child's life. As a donor, service group or church congregation, prayerfully consider helping meet the needs of the poor.

BECOME A CAMO VOLUNTEER

We welcome adult volunteers of all ages and skill levels. Please call CAMO and use your gifts and talents to make a difference in the lives of so many.

STARTING A NEW YEAR FULL OF STORIES THAT WARM UP OUR HEARTS AND RENEW OUR HOPES

Unlike the USA, there is no Social Security, Medicare, drug, or supplemental hospitalization plan for the elderly. Oscar worked all his life and he depends on the public health system which never has the medication or services he requires.

Oscar and his wife María Domitila are a senior couple that radiates kindness, and joy with their smiles. For 12 years, Oscar worked as a security guard at the Hospital de Occidente, located half a block from the CAMO Facility in Honduras. He has diabetes, and it saddens us to learn his illness had never been treated. For a long time, he suffered from diabetes, not feeling well, increasing pain, and foot ulcers. By October of the previous year, his foot ulcer made his mobility impossible he could no longer bare the pain. He remembered watching patients come and go daily to our doors. With no money, and no options from the public system he and his wife knocked on our doors. For this reason, CAMO Honduras provides a Diabetic Clinic one day a week ran by our counterpart Dr. Bladimir Irías. Without hesitation, Dr. Irias provided support, and on a Wednesday Oscar just attended his fifth appointment to continue receiving medical attention. His ulcer is fully cured and we are providing him with support. He also will be joining the Diabetic Club to keep control of his diabetes.

Oscar's wife was also experiencing health problems. She presented discomfort in her stomach and was treated in our gastroenterology program. She had an endoscopy and now is under follow-up treatment.

Only by church support and individual donation can we continue to help those who are truly forgotten. We continue to be grateful for being able to serve so many.

The walls of the Biomedical and Maintenance Central are up, and within 2 months the roof will be done. This structure at Hospital de Occidente will put an end to the loss of life and funds due to the lack of maintenance of the facility and equipment.

We are excitedly preparing for our next international brigade of 40 volunteers. They will be in Honduras for three weeks to work with their Honduran counterparts. February 12 until March 5. Please, keep this brigade in your prayers.

If you have some time to spare, CAMO might just have the volunteer opportunity you've been looking for. CAMO is experiencing increased demand for our donation pickup services. We are currently looking for volunteers willing to drive our cargo van or serve as the driver's helper when performing such pickups. We generally are in need of drivers on Mondays and Fridays and the length of time can range from just a couple of hours to a full day, depending on volume and location. If that does not interest you but you still would like to volunteer we have many opportunities awaiting you. Call the office at 330-683-5956.
