Great job to our counterparts: Joseph and Deborah Marino & Bianca Ramirez, who organized the Food For Healing event which raised \$14,800 for CAMO's nutrition program. They enjoyed delicious food and sharing the successes of the nutrition program.

Vilma and her five children came to CAMO suffering from infections and malnourishment. CAMO has provided integrated medical, dental, and nutritional support to this family and many others living in extreme poverty. Your donations are vital to keeping our programs available for families like Vilma's.

CAMO just received an entire truck full of medical equipment that was decommissioned and donated by our friends at Aultman Health. A HUGE thank you to Chris Helbling, owner of Helbling Supply, Inc, in New Philadelphia, OH for donating his 20-foot box truck and four hours of his time to make this donation possible.

HOW YOU CAN HELP

It costs CAMO an average of \$100 to save one child's life. As a donor, service group or church congregation, prayerfully consider helping meet the needs of the poor.

BECOME A CAMO VOLUNTEER

We welcome adult volunteers of all ages and skill levels. Please call CAMO and use your gifts and talents to make a difference in the lives of so many.

DERMATOLOGY PROGRAM: A HOPE FOR PATIENTS LIKE MÍA ISABEL

It was a normal day at CAMO Honduras when a distressed mother arrived with four-year-old, Mía Isabel, in her arms. Mía was trembling from a high fever and had inflamed, scaly skin all over her body. She had been itching for three months and had difficulty sleeping comfortably and eating. Mía's mother sought medical help at a local health clinic, but her daughter's condition did not improve. Desperate to see relief for her daughter yet unable to afford treatment at a private clinic, Mía's mother came to CAMO asking for help.

As soon as Dr. Cinthia Espinoza (CAMO's dermatologist counterpart) found out about this case, she immediately evaluated Mía and provided the proper treatment.

We are excited to share that in just three days, Mía Isabel's skin had greatly improved! She returned to our office smiling for the first time in months. Her mother was relieved and grateful to see the rapid improvement in her daughter's health. CAMO continues to support this family by providing further medical exams, such as biopsies, to make a proper diagnosis and continue the necessary treatments to help Mía fully recover.

Every year an average of 250 patients are evaluated and treated by CAMO's dermatology program. CAMO strives to provide high quality, specialized medical services to the most vulnerable population. We are grateful for Dr. Cinthia Espinoza's expertise and support.

This year we are celebrating 30 years of service. We are extremely grateful to each one of you who continue to support our mission to bring hope to the forgotten in Honduras.
