116

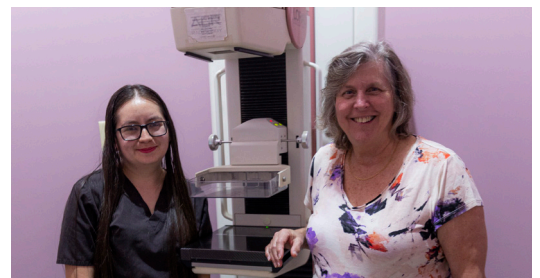

VOLUNTEERS IN USA AND HONDURAS

51

PIECES OF MEDICAL EQUIPMENT DONATED IN THE USA AND HONDURAS

CAMO was thankful to present to this year's Class of Leadership during Orrville's annual Non-Profit Day. The Wayne County area is full of many organizations helping people both locally and abroad. We are proud to be a part of this great community!

New Mammography Installation!

Our women's medical services continue to expand as a new mammography machine was installed in Corquin, Copan. This life changing service will help provide early breast cancer detection for women throughout western Honduras.

Thank you to our 40 U.S. volunteers who participated in our International Brigade in Santa Rosa. Bringing their expertise in medicine, education, maintenance, and biomedical engineering, lives were greatly impacted. Stories from the brigade will be shared in our Spring Newsletter coming soon!

HOW YOU CAN HELP

It costs CAMO an average of \$100
to save one child's life. As a donor, service
group or church congregation, prayerfully
consider helping meet the needs of the poor.

BECOME A CAMO VOLUNTEER

We welcome adult volunteers of all ages and
skill levels. Please call CAMO and use your gifts
and talents to make a difference in the lives of
so many.

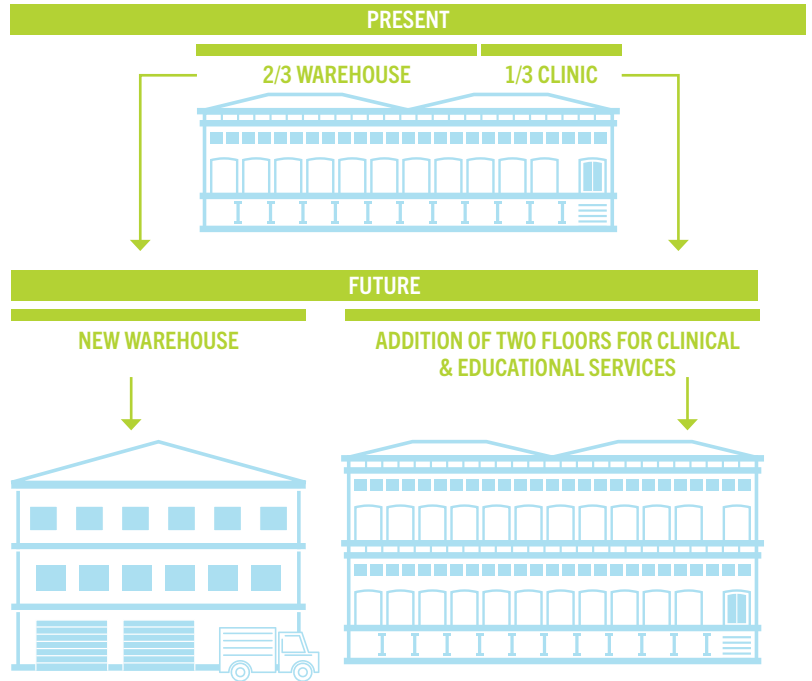

SECURING THE NEXT 30 YEARS FOR CAMO SERVICES

We are so grateful for your support the past 30 years. Now we are focusing on the next 30 years.

To secure our future we are remodeling the current CAMO Honduras headquarters, built in 2003, to convert the present warehouse space into two floors for service expansion. The upgraded facilities will not only enhance medical services, but also provide dedicated spaces for training, education initiatives, and the introduction of additional revenue-generating enterprises. We will also begin the construction of a new warehouse designed specifically for the storage and distribution of donated medical supplies valued at ~\$2.6 million annually.

Support in any form, financial, in-kind, or spreading awareness is vital. Your contribution directly enhances the lives of many in Honduras providing a solution to the root of the immigration issues here in the US: lack of jobs, medical care and security.
