7 year old Mireya overcame severe hearing loss thanks to our audiology program! After receiving her new hearing aids, Mireya began speech therapy and is overjoyed with her progress and capabilities. We invite you to donate your old hearing aids to CAMO. By refurbishing and reusing these devices, we bring the gift of hearing to those who need it most.

A special thank you to our group of international volunteers who were part of the international medical brigade held from October 19 to November 3, 2024.

Recycling
& Redistribution

The Campaign to Sustain Health and Education of CAMO's Services in Honduras aims to secure \$2 million to facilitate the expansion of CAMO's facilities and capabilities in Honduras. The upgraded facilities will improve medical services and create dedicated areas for training, education, and revenue-generating services.

The project involves constructing a new one-story facility to expand our warehouse space to 1.47 acres. We plan to convert the existing warehouse space into two floors, one floor dedicated to clinical services and the second floor dedicated to our educational department.

Expanding Our Facilities

FUNDING OUR \$2,000,000 PROJECT IN HONDURAS

Every form of support—whether financial, in-kind, or by spreading awareness—contributes directly to the lives of people in Honduras. By building stable health, educational, and economic opportunities, we address the root causes of migration, offering sustainable solutions that foster security, healthcare access, and job creation.
